WHAT OUR CLIENTS SAY

// THEY ARE A SUPERB TEAM AND REALLY DO GO THE EXTRA MILE

“KFH have used Marmalade MTB for the past two years in what we are hoping will become an annual fundraising event for London Youth. They are a superb team and really do go the extra mile to make the day a success, adeptly catering for all levels of rider.

It’s become a fantastic team building event, with staff joining from right across the business and one that is greatly enhanced through Marmalade’s expertise — be it cycling and off-road riding tips, route navigation, the fixing of flat tyres (there’s always one) or mechanical bike issues. I cannot recommend them highly enough as they completely take the stress out of the day. Thanks once again to Sean and the team. We look forward to riding with you again this year!”

// GREAT BRIEFING AND ADVICE BEFORE THE START, AND SUPPORT DURING THE RACE

“Marmalade organised a mountain bike ride in aid of Prostate Cancer UK for around 30 staff at OneFamily in Brighton. This was a great day — a well thought out and challenging route with 2 levels of difficulty. Great briefing and advice before the start, and support during the race. Everyone had a great but challenging day that provided a really different team-building experience and got us all out on the beautiful South Downs. Would definitely use them again.”
